CIS 1113 Computer Applications^^‡	CMPSC 1513 Computer Literacy

‡The ECU School of Business requires students complete these courses with a grade of “C” or better. Students taking these courses at MSC planning to transfer to ECU, will need to meet the same requirements.

Articulated using MSC’s A. S in Business.

General Education equivalencies can be found by referring to either the Oklahoma State Regents Transfer Matrix or the ECU Transfer Matrix. Both matrices can be found at www.ecok.edu by clicking on *Academics* and scrolling down to *Course Transfer Matrix*.

Articulated without a minor. A minor is not required, please see an advisor for appropriate courses.

If students take other lower level Business courses at MSC that equate to upper level courses at ECU, course content will transfer, but upper level credit will not be awarded resulting in additional upper level classes being required to complete degree requirements.

^^Will be substituted for MIS 1903 Computer Business Applications

NOTES:

A student transferring with an Associate degree in Arts or Science from MSC fulfills ECU’s general education requirement by transferring his or her credit to East Central University. Transferring credit for general education does not eliminate or otherwise affect any of the following ECU requirements: (1) prerequisites; (2) specific requirements in majors, minors or related work in these areas; or (3) the requirements for teacher certification.

A student must earn at least 40 semester hours in upper-division courses (numbered 3000 or higher). A course taught at MSC may equate in content to an ECU 3000-4000 level course, but it will not be counted as part of the 40 hours of upper level courses.

A student must earn at least 60 semester hours, excluding physical activity courses, at a baccalaureate degree granting institution.
